

We will always remember.

Remembrance Day!!

Made with Pressto.

The poppies represent people who died in the war in the valley that someone set off. Someone brave.

**Poppy country.
The war.
It happened in the valley.**

For the people who died and survived. We wear poppies.

Princess Diana wearing a poppy.

We wear poppies.
They are black and red.
They are for remembering.
Because the country needs them.
The country needs poppies.
To remember soldiers who died. They died in war.
Battling. Fighting for our freedom.
