Student Dispatch from Brooklyn Borough Hall

by Mía Babb, 6th Grade

September 7, 2021

There is an age limit though. 12 and older can get vaccinated but 11 and younger cannot. I think that everyone aged 11 and younger should be vaccinated. It makes the community safer. As long as people eligible for the vaccine get vaccinated everyone is safe! That is why there is mobile vaccines - To keep the community safe! And that is how Eric Adams is keeping the community safe And making Brooklyn a welcoming place to live!

Mia Babb, Brooklyn

"We need every New Yorker to get their shot as soon as possible. This new mobile vaccine van helps to meet people where they are, and we're proud to host them here at Brooklyn Borough Hall." The great thing about Vaccines at Brooklyn Borough Hall is that there is no appointment required, and additionally, the vaccine saves so many lives and is keeping our community safe. Plus vaccines are free so it won't cost a penny!

The pandemic has effected so many people in so many different ways, and Eric Adams has showed us the power we have to overcome this situation. He is trying his best to help us during these difficult times. Adams states, "Brooklyn's robust population growth over the last decade — a 9.2 percent recorded increase in the most recent Census —

is a reflection of how hard we have worked to make this borough a safer place to raise healthy children and families, and a more attractive place to work, learn, and play." Furthermore, " Our mission in the decade to come must be to uplift Brooklyn's welcoming brand, while advancing ...real affordability that will support families and small businesses who have made that brand possible."

to Brooklyn Borough Hall each Wednesday from August 11th to August 25th. The move comes as New York City contends with concerning uptick in COVID-19 cases, driven by the Delta variant." "COVID-19 is a formidable opponent, and New Yorkers should take this new Delta variant very seriously. But we have a powerful weapon on our side: vaccines," said Borough President Eric Adams.

This shows that Eric is making a positive difference and effect on our community. A safer environment and welcoming community makes Brooklyn an attractive place to live, work, and raise a happy, healthy family. And in that case about a safe community, Eric Adams has recently teamed up with test and trace corps to bring mobile vaccines to everyone. Brooklyn Borough President Eric Adams and NYC Test & Trace Corps Executive Director Dr. Ted Long announced a new partnership to bring a mobile vaccine van to Brooklyn Borough Hall each Wednesday from August 11th to August 25th.
